

## IDLE MEN SEIZE CITY BUILDINGS

London's Unemployed Occupy Town Halls and Refuse to Move Out

LONDON, Dec. 2.—(Reuters)—A large body of unemployed men, who have been occupying the town hall at Tottenham, a northern suburb of London, for several hours, were ordered to leave the building by the police on Wednesday. The men refused to move out. The town hall at Tottenham, another London suburb, was the scene of a similar episode on Tuesday. The unemployed men who took possession of the building, however, evacuated it when the council ordered them to leave. The men had been occupying the building for several days. The council had been ordered to clear the building by the police. The men refused to move out. The town hall at Tottenham, another London suburb, was the scene of a similar episode on Tuesday. ## PRISONER ADMITS SLAYING PEIRCE

Treadway Confesses Beating Agent to Death, Police Asserts

PHILADELPHIA, Dec. 2.—(AP)—Peter D. Treadway, confessed murderer, according to the police, that he killed Henry T. Peirce, a manufacturer's agent who was found beaten to death here on November 22. He is said to have admitted the killing of Peirce, who was a member of the party who was found in Peirce's apartment when he was killed. Treadway, officials say, assumed full responsibility for the act. Smith is the only one of the party who has not been apprehended. A fugitive warrant charging murder was issued today for Smith, who, the police say, also is known as Martin Elliott.

The alleged confession of Treadway was made when he was brought face to face with Peirce's body at the central police station, where all three were confined.

"It is all true," Treadway is quoted as having said. "I held a towel over Peirce's face until he died. I got the blood on my trousers when I placed the towel over his face, but I held it there until I was satisfied he was dead."

On the left knee of Treadway's underwear, detectives said they found bloodstains which he is alleged to have admitted he got while kneeling over Peirce to take his clothing off.

Moss, who was brought here from Pittsburgh, today wrote a detailed statement of the affair. He placed the blame for the killing on "Al" Smith and Treadway, declaring that he and the girl fled from the apartment when the attack on Peirce was started.

## COMMUNISTS OF WORLD WOULD REVISE TREATY

BERLIN, Nov. 12.—(Correspondence)—Revision of the peace treaty of Versailles by the international communists was urged by Ernst Däumig, leader of the new communists, in a debate in the Reichstag recently. Herr Däumig prohibited a coming resolution to overthrow capitalism. He said that his party desired expiation of all machinery of production and as quickly and as thoroughly as possible. He characterized the Versailles treaty as an exhibition of force by world capitalism. "We feel toward it as our Russian comrades felt toward the treaty of Brest-Litovsk," he said.

These declarations of the communist idea of treaty revision were evoked by a statement which had been made by Dr. Eugene Schiffer, formerly vice chancellor and leader of the National Liberals, who declared that the treaty was a crime against the German nation and all the world and that Germany had a right under the reading of the covering note, as well as morality, to demand its revision.

## DUBLIN CITY MAY SELL ENGLISH KINGS' PORTRAITS

DUBLIN, Nov. 29.—(Correspondence)—Proposals have been made that the corporation of the city of Dublin sell some of its official paraphernalia in order to obtain funds for its employees or charities. This is an outcome of the refusal of the government agents to turn over to the Dublin city government certain public funds which heretofore were utilized to support the city administration. One of the articles, sale of which has been proposed, is the massive gold chain of office of the high sheriff of the city. The present high sheriff is not a Sinn Féiner, but a physician who served through the war and was appointed by Lord French, but he has suggested that the chain be sold and the proceeds be devoted to keeping the Phipps House hospital for consumptives which the corporation has been rich of funds when the government withheld them.

A Sinn Féin councillor, J. T. Daly, has given notice that he will move that the pictures and other paraphernalia of or from British kings and their representatives at present in the mansion house or city hall, be sold at auction and that the money be used to pay the salaries of employees of the city council.

Several of the pictures proposed to be sold are good examples by old masters. Christian Church Christmas Bazaar and Cooked Food Sale, Saturday, at Home Furniture Co., Washington and Twenty-Third street.

# Is Backache Making You Miserable?

It isn't right to drag along from day to day feeling weak, miserable—half sick. You want to be well, and the best way to get well is to find out what is making you feel so badly and try to correct it. Perhaps it's your kidneys. A cold, a strain, worry or overwork may have weakened the kidneys and brought on that throbbing backache or those sharp, stabbing pains that wear your nerves and keep you tired, fretful, "all unstrung." You may have morning lameness, too, headaches, dizzy spells and irregular kidney action. Don't wait! Neglect may mean more serious troubles—dropsy, gravel or dangerous Bright's disease. Use DOAN'S KIDNEY PILLS. They have helped thousands of ailing folks. They should help you. ASK YOUR NEIGHBOR!

## These Are Ogden Cases:

### THIRTY-FOURTH STREET

Wilbur Lewis, chauffeur, 245 Thirty-fourth street, says: "The jarring of the auto weakened my kidneys and caused lame back. At times I could hardly get in or out of the machine because of the awful condition of my kidneys and bladder. My kidneys acted frequently and burned in passage. I had pains in the top of my head and spells of dizziness. As another of the family had used Doan's Kidney Pills with good results, I got some from Colley's Drug Store. Doan's soon knocked the pains out of my back and rid me of the dizziness and headache. They strengthened up my kidneys in good condition."

### TWENTY-FIRST STREET

Mrs. Mary A. Hughes, 641 Twenty-first street, says: "At times my kidneys have become disordered and my back would ache and pain dreadfully. I would have dizzy spells and my night would become blurred. It was several years ago that I first used Doan's Kidney Pills for this trouble and since then when I have had a return attack, Doan's have never failed to give me fine results."

Mrs. Hughes gave the above statement February 27, 1917, and on December 1, 1918, she added: "For a number of years I have been using Doan's Kidney Pills for attacks of lame back and kidney disorder. I always recommend them and my former endorsement of 1917 still holds good."

### CHILDS AVENUE

Mrs. Samuel Fowler, 2957 Childs avenue, says: "The first symptom of kidney trouble in my case was lame back about two years ago. I couldn't get up out of a chair because of the severe pains which caught me in the small of my back. My feet and limbs bloated awfully and my kidneys acted irregularly. I was so miserable that I couldn't sit still. I heard about Doan's Kidney Pills and two boxes from Driver's Drug Store removed the pains from my back and all the other troubles entirely disappeared."

No package of Doan's Kidney Pills is genuine unless it bears the mapleleaf trademark and the signature—"Jas. Doan."

### ADAMS AVENUE

Wm. Urry, 116 Adams avenue, says: "The jarring and jolting of the street car weakened my kidneys and caused lameness. I could hardly get on or off the car because of the terrible pains or stitches which caught me through the small of my back. My kidneys acted too frequently and the secretions were scanty and highly colored. I heard about Doan's Kidney Pills and one box banished the lameness and put my kidneys in good condition. I have had no trouble since that time."

### VOLKER AVENUE

Robert Price, cement contractor, 2718 Volker avenue, says: "Some months ago my back became very lame. It hurt so badly that I could hardly straighten up after stooping. The doctors pronounced it rheumatism, but I knew it came from my kidneys. My kidneys acted frequently and I would have to get up many times during the night. The secretions were scanty and pained in passage. At times everything would turn black before my eyes. A neighbor advised me to try Doan's Kidney Pills and four boxes from Colley's Drug Store removed the backache, dizziness and put my kidneys in a healthy condition."
